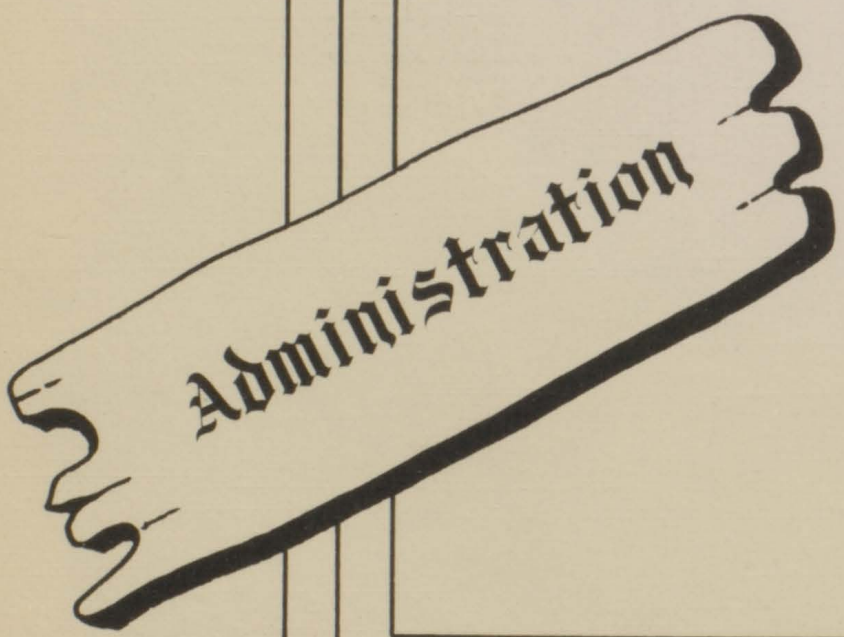
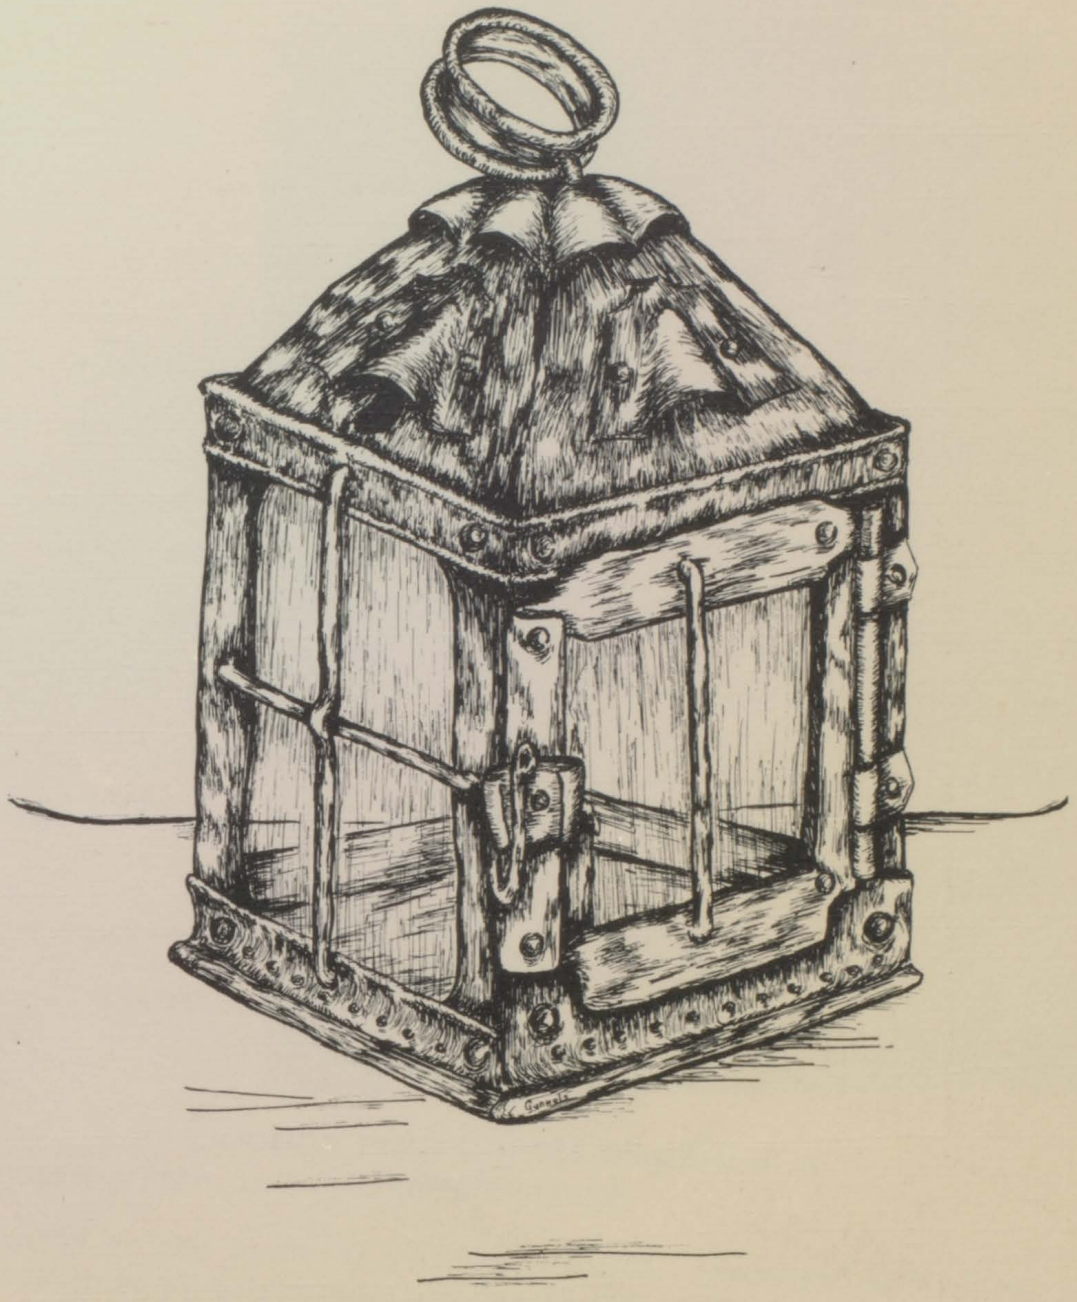
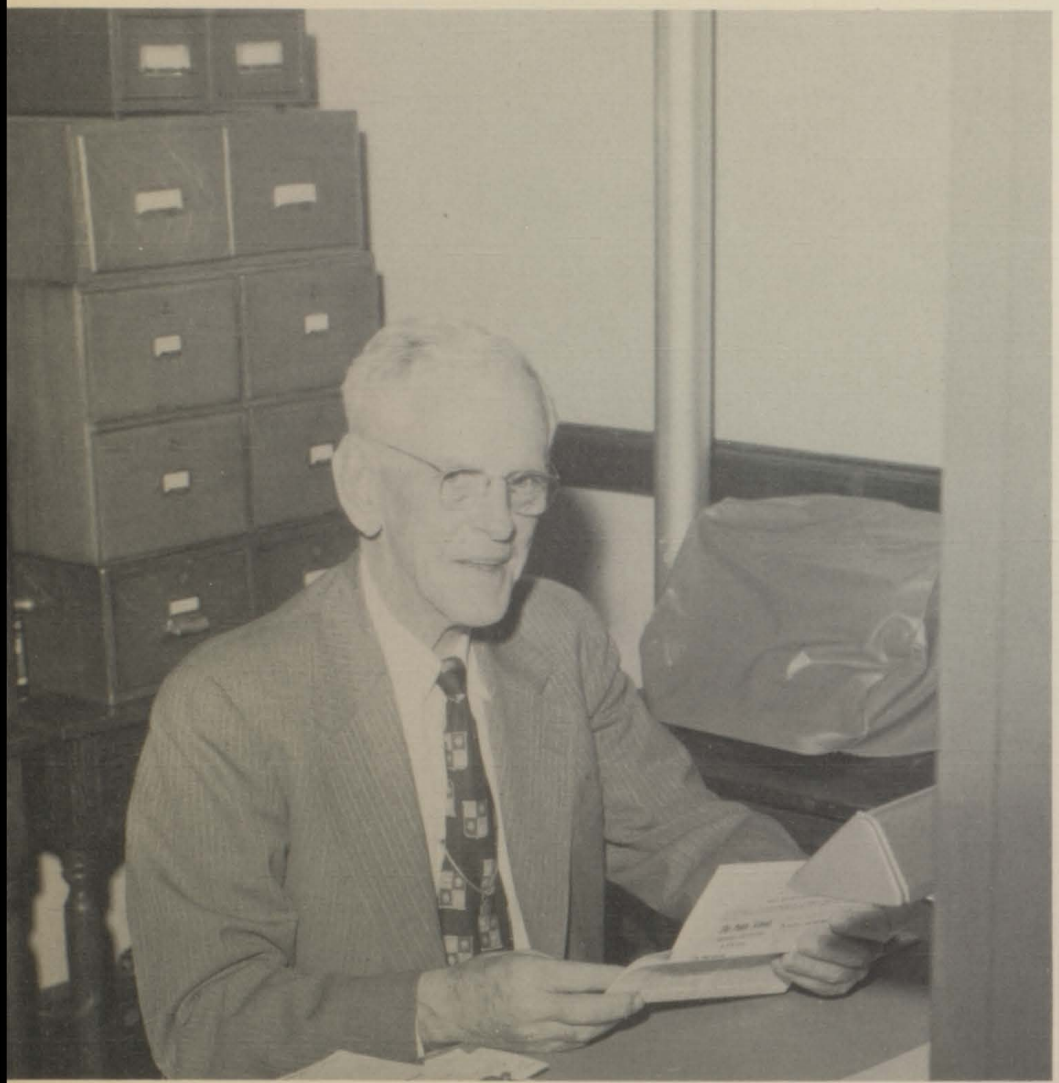
Lanier Senior High School For Boys
Macon, Georgia

Through the centuries educators have guided students to higher realms of learning. It is by their precepts and examples that we, the youth of today, have prospered. Civilization has progressed to inconceivable heights because preceding generations have profited by knowledge and experiences which they have inherited and enriched and which they, in turn, have handed down to coming generations. This lamp of experience represents a challenge to us, reminding us of our obligations and responsibilities, not only to our ancestors, but also to the youth of tomorrow.





PRINCIPALS' MESSAGES



A. L. MILLER SENIOR HIGH SCHOOL
MACON, GEORGIA

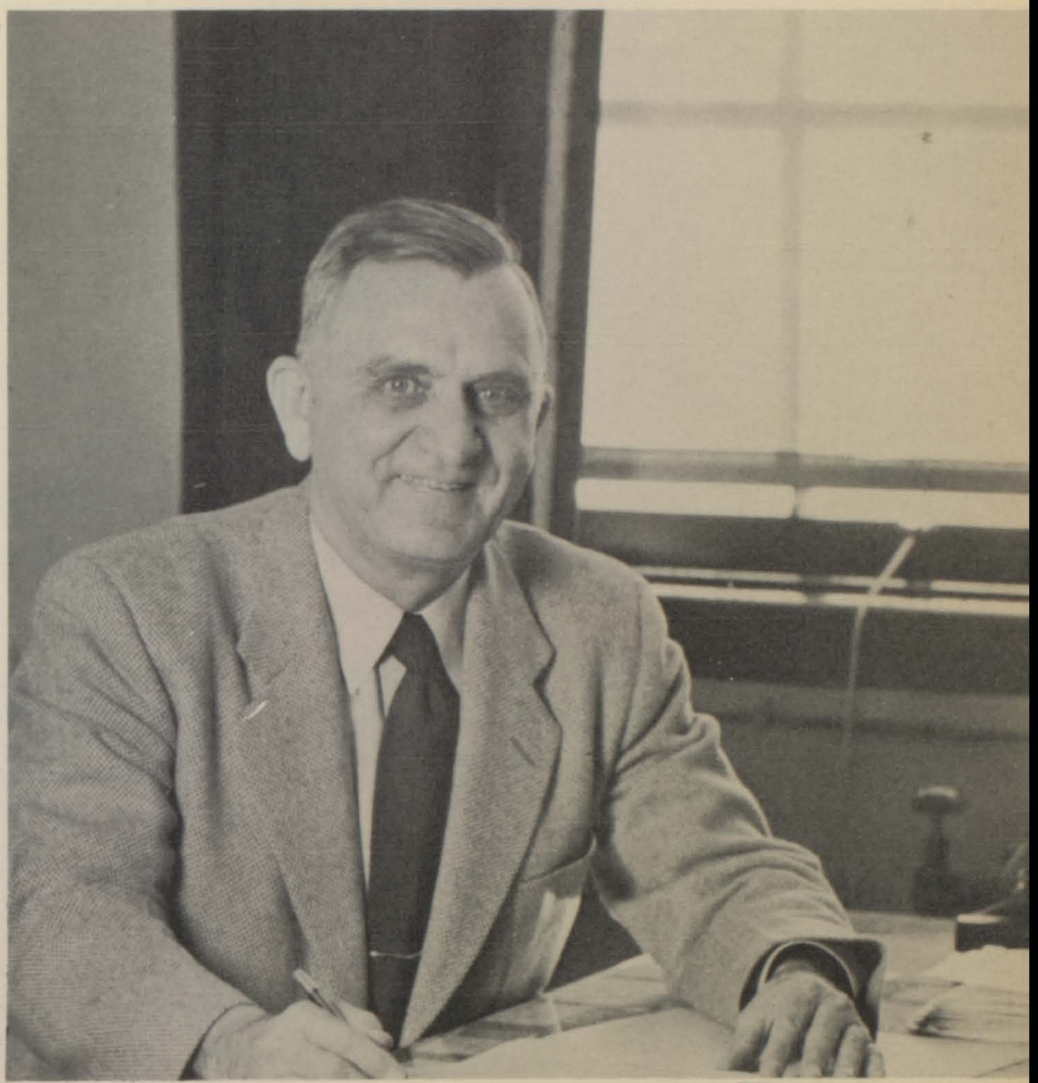
To All Seniors:

Your work and study of the past three years has brought you to your graduation which is a beginning of a new experience in which you will apply the knowledge, the attitudes and the aspirations which you have acquired at Miller.

Let me congratulate you and wish for you the best in all things. I shall rejoice with you in your successes; and if reverses come, I know that you will meet them bravely and climb on to higher things.

Sincerely,

W. D. Lanier



LANIER SENIOR HIGH SCHOOL FOR BOYS

A. J. SWANN, PRINCIPAL

MACON, GA.

To the members of the 1953 GRADUATING CLASS:

You are coming to the close of your high school careers. Up to now, you have had very little chance to give full expression to your own ideas and individuality. It is true that you have, in a measure, been able to formulate some of your own ideas and carry out some of your plans, but mostly your activities have been as some older person has directed. Henceforward your opportunities for self expression will increase as the years come and go.

The diplomas you will receive, and this book, are symbols of what you have accomplished thus far in your school life. Within themselves they mean nothing, but as symbols they represent three years of study, research, and associations that will mean much to you in the years ahead.

On behalf of the faculty I want to extend to you heartfelt congratulations and wish for you many years of happiness and success.

". . . till the fire is nothing but light."

EDGAR LEE MASTERS

Seniors, Juniors, and Sophomores have innumerable opportunities in later years of practicing the knowledge gained in high school. Thus their ideas — or *"fire"* — become the deeds — or *"light"* — which enriches their associates. This lamp of knowledge represents the education that has been acquired and the hope that it will be used to the best advantage.

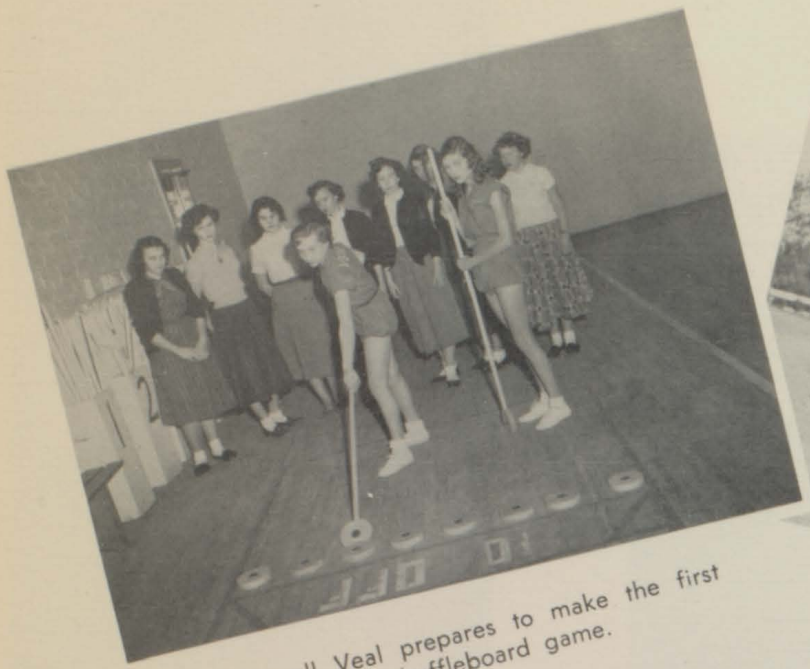
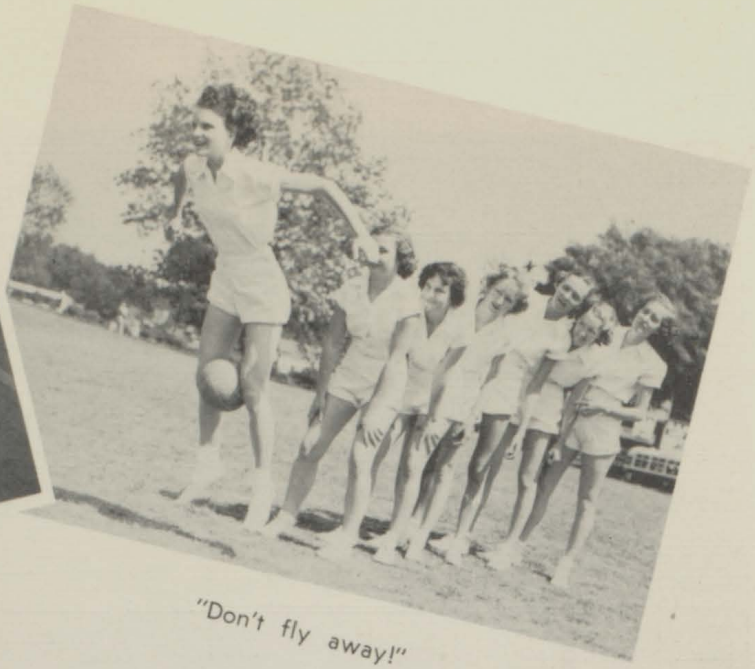
TENTH GRADE SPEED BALL ALL STARS

MILLER



Garnell Veal prepares to make the first shot in this shuffleboard game.



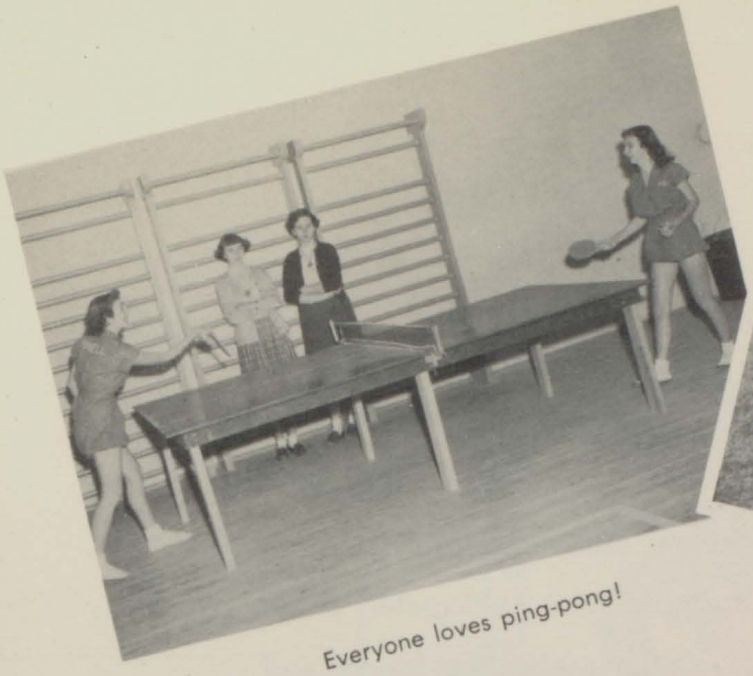
"Don't fly away!"

Beverly Judd is ready to catch the ball, just in case Barbara Taylor misses it.

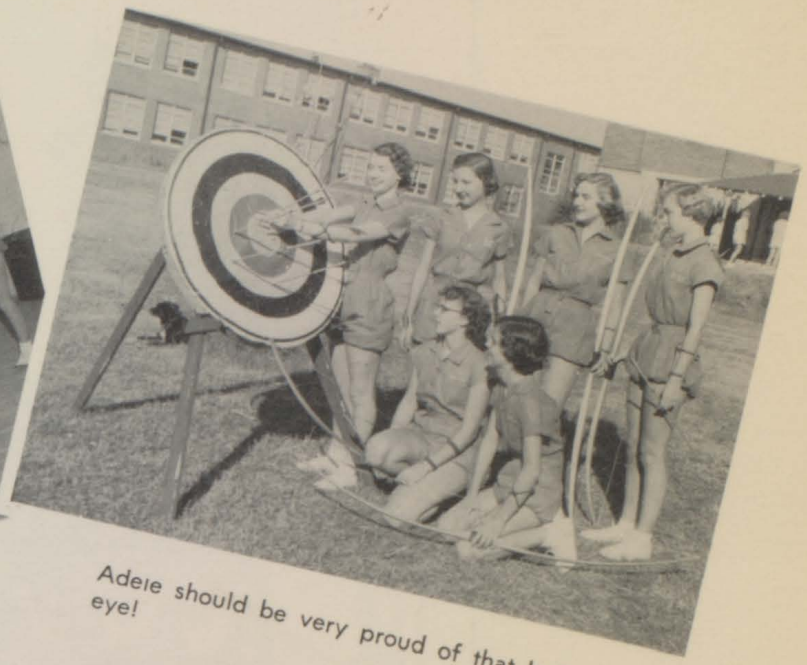
Field hocky is one of the major sports and one taught each year in the fall.

Speed pin ball, a lead up game to basketball, is a sport loved by every Miller girl.

SPORTS



Everyone loves ping-pong!



Adele should be very proud of that bulls eye!

Looks as though Flossie can catch that basketball even with her eyes shut.

"Watch the birdie"

"Swing your partner!"

". . . how far this little candle throws its beams."

WILLIAM SHAKESPEARE

The candle, symbolic of truth and purity, is used in all formal initiations which are regarded sacred to those who participate. These ceremonies later result in many loyal friends and happy memories. Wonderful experiences shared together in sororities and fraternities will always burn as the candle, with a small but heart-warming glow, never to be forgotten.
